

Kerite Cable Services Project Profile

Project	Wright Patterson Air Force Base Termination Replacement
Client	Dayton Power & Light Company
Location	Dayton, Ohio
Cable Design	69kV, 1000kcmil Cu EPR to 69kV, 1000kcmil AL XLPE — High Voltage Cable
Length	Replacement of 150ft Linear feet
Subcontractors(s)	Dayton Power & Light
Scope	Witnessed the removal of 150 feet of 69kV — 1000kcmil AL XLPE cable. Witnessed the pulling of a single length of 150 feet of 69kV — 1000kcmil Cu EPR. Installed a 69kV hand tape splice between the XLPE and EPR cables and one high voltage termination. Project duration was one week.

Failed 69kV XLPE cable removed.

Replacement cable pulled and ready for new termination.
